CERTIFICATION

January 1, 2019

To Whom It May Concern:

This is to certify that the kosher gelatin, produced by SEL SANAYI under the trademark SelJel, located in Gonen, Balikesir, Turkey, is made under my supervision in full accordance with Orthodox Jewish Dietary Laws.

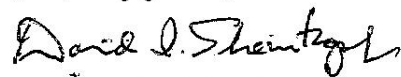

Sel Sanayi gelatin is derived exclusively from veterinary certified inedible cattle hides, chemically purged of all traces of all extraneous substances so that the raw material is rendered pure collagen.

Cattle hides in such form, according to all major sources in Jewish Law, are not included in any of the categories of forbidden foods. Hence, gelatin produced from such raw material is kosher and pareve for year-round use, including Passover.

A detailed explanation of the basis for the approval of cattle hide gelatin as kosher, along with a list of the chief modern rabbinic sources relating to this subject, is available upon request.

This certification is effective through December 31, 2019, and is subject to renewal at that date.

Sincerely yours,

**David I. Sheinkopf,
Rabbi**
